Home: Meşrutiyet Mah. Konur Sk. Ankara-Çankaya , 06530 Ankara (Türkiye)

ABOUT ME

Learning Developer & Instructional Technologist with a dual background in Computer Education (CEIT) and Management Information Systems. Specialized in digital transformation, AI integration, and adaptive learning technologies. Combines a strong pedagogical foundation with data-driven insights to design intelligent, scalable educational solutions. Committed to leveraging emerging technologies to create high-impact, personalized learning experiences.

WORK EXPERIENCE

Education and Future Information and Technology Services – Ankara, Türkiye

Website: <https://www.e12.com.tr/>

E-learning developer / LMS Administrator

[07/2024 – Current]

Development of Large-Scale Interactive Content: Design, development, and publication of **100+** interactive learning modules (subject lectures, assessments, and gamified activities) compliant with SCORM and xAPI (LRS) standards for K-12 curriculum.

Design of Multimedia Educational Materials: Creation of engaging digital assets (videos, quizzes, interactive simulations) utilizing instructional design principles to support diverse learning styles.

Management of LMS Content Lifecycle: Execution of the end-to-end publication and maintenance processes for educational materials on the Learning Management System to ensure error-free delivery.

Provision of Technical Support: Diagnosis and resolution of content accessibility issues for end-users to maintain an uninterrupted learning flow.

Serçe Academy – Ankara, Türkiye

Website: <https://serceakademi.com/academy/>

E-learning developer

[07/2024 – Current]

Development of LMS Content: Creation of content for Learning Management Systems (LMS) to facilitate the seamless delivery of educational materials.

Design of Digital Educational Materials: Production of interactive lessons, quizzes, and multimedia content to enrich the learning experience.

Creation of Software-Based Content: Development of software-integrated interactive materials specifically for robotics and coding (Arduino) curricula.

Installation of Robotics Laboratories: Execution of setup and installation processes for robotics kits across dozens of schools.

Preparation of Robotics Kits: Configuration and preparation of diverse robotics sets to ensure readiness for educational use.
